Bachelor of Arts: Technology Management

online.uni.edu/tech-management

Program features

• Flexible delivery - courses completed entirely online
• Learn technical skills as you build strong management abilities
• Dedicated faculty with strong network connections with industry professionals and employers
• Designed for community college graduates - allowing you to transfer credit from your AAS or AAA degree
• Advanced career opportunities in leadership and management roles
• Strong job placement — in manufacturing, computers, engineering and technology fields.

Designed for community college graduates, this program incorporates an applied approach to critical thinking, communication and problem solving skills. This program focuses on industry — its organization, resources, processes and management technologies.

**Flexible delivery**
Delivered entirely online, courses are offered asynchronously with some synchronous meeting times required in the evenings. Both a part-time track and full-time track are offered.

**Affordability**

Financial aid
Financial aid may be available for students who qualify, based on number of units per semester and financial need.
319-273-2700 | fin-aid@uni.edu

**Tuition & fees for 2022-23**
- $338 per unit of undergraduate credit
- $40 technology fee per course
- $100 records and documents fee
(Covers all transcripts and other fees. Charged at the time of graduation.)
*Tuition and fees may be adjusted by the Iowa Board of Regents.

**Program requirements***
- A minimum 2.0 GPA
- Associate of Applied Arts degree or Associate of Applied Science degree

*This program can also be started without any previous college credit. Students without an AA/AS degree may need to take additional courses to satisfy the UNIFI General Education program. Your advisor will help you select the appropriate courses.

**Next steps**
1. Complete the steps for admission to UNI at uni.edu/apply and request copies of your official transcripts be sent to the UNI Office of Admissions.
2. Once accepted into the program, UNI will send details about how to enroll in the first course.
3. For each following term, Online and Distance Education will notify students about the details and enrollment process for the next courses.
